Long-Delayed Italo-British

LONDON, Oct. 8.—Peace
loomed for Spain today after
the most sanguinary of mod-
ern civil wars, as Italy
agreed to the major initial
step in a broad plan to settle
Italo-British difficulties in
the Mediterranean.

Not only Italy, but the Spanish
Insurgent regime of Generalissimo
Francisco Franco, has agreed to the
withdrawal of ten thousand foreign
troops now fighting against the govern-
ment, according to messages
from Burgos.

To Release Alien Forces
Release of all alien forces from the
government side was promised at
Geneva last week by Julio Alvarez
Del Vayo, the Barcelona foreign
minister. The League of Nations, at
his request, appointed a commission
to carry out the disbandment.

The Lincoln-Washington bridge,
composed of American volunteers
on the government side, has already
been recalled from the front and
is being demobilized.

Immediate recall of the ten thou-
sand Italian troops is step No. 1 in
a British plan which will lead to
London's recognition of the Italian
domain in Ethiopia.

To Apply Agreement
Application of the long-delayed
Italo-British agreement, which
depends on a settlement in Spain, will
be the next step.

Football fans here seemed about
as much interested in the outcome
of the Massillon-Sharon game as
they did the New Castle-Washing-

quiries were made for the score of
the game at Sharon as the one at Wash-
ington during the latter part of the
evening.

There are still some big fish in
the Shenandoah river. Up at Clark-
sville yesterday R. B. Ray caught a
muskie measuring 46 inches long
and weighing 23 and 3-4 pounds.
Why go to Canada to fish, when you
can land such monsters right here
at home?

It is surprising how many people
wait until the eleventh hour to do
anything. The county registration
bureau has been open all summer,
yet hundreds of citizens have wait-
ed until this week to register. The
office has been forced to put an ad-
ditional help to take care of the
crowds. It's the same way with pay-
ing taxes or getting hunting licenses.
Citizens wait until the time limit
is about to expire and then stand in
line. Probably their time isn't worth
anything.

Farmers are needing help to get
their corn husked and their potatoes
dug, but they can't find any at wages
they can afford to pay. Looks as
though the farmer will have to raise
more sons.

Tomorrow, after you have absorbed
the Sunday school lesson, and
enriched your mind from the pas-
tor's discourse, it may be that you
will feel impelled to get still closer
to the Divine by viewing Autumnal
beauties of our varied landscapes.

Ox-Roasting Task Is
Revealed All Night Job

Two o'clock in the morning is no
time to visit Cascade Park, ordi-
narily. It was this morning at two
and a number of football fans took
the opportunity to visit the park,
just inside the main entrance on
Washington street.

At Lang, ox-roast expert from
Erie was on the job roasting a 600
pound ox that will be consumed
this afternoon by the Democrats in
the park and the odors wafted out
the gate did a lot of things to the
salivary glands.

Mr. Lang with his wife and son
got in, Friday about noon, and put
up the sheet metal shed in which
the ox is placed. The animal is put
in just as he was in his stall in the
days before he hid and hooves
were taken off. With the ox were six
sides of beef weighing 125 pounds
each.

A huge pan of water is placed un-
der the ox and a fire built around
the outside. All night long the fire
was kept going and inside the tem-
perature of the oven was like a
blast furnace. Every twenty min-
utes the ox was basted.

Mr. Lang has been an ox-roast
specialist for years.
The ox will be served in sand-
wich form late this afternoon at the
Democratic rally in Cascade Park.

Registration Rush

Crowds Fill Office And Line Up

From the opening of the county
registration bureau at the court
house this morning until it closed at
6 o'clock this evening, Clerk Thomas
Edmunds and a half dozen assis-
tants were busy registering 11th hour
arrivals. The office was crowded
to capacity all day, and outside
would-be registrants were lined up.
Some of them were men and women
with children in their arms.

The crowd carried out the predic-
tion that many would wait until
the last day, and then would wait
to stand in line. There was also a
rush of registrants yesterday, but
not as many as today. The regis-
tration yesterday was as follows: Re-
publican, 183; Democrat, 152;
Changes, Democrat to Republican,
16; Republican to Democrat, 42; no
party, 3. Change in addresses, 123.
While this is the last day on which
original registrations can be taken,
persons who desire to change their
addresses can do so on Monday.
That will be the last day for chang-
ing addresses.

PRAGUE, Oct. 8.—President-Prem-
ier Jan Sirovy's harassed govern-
ment, struggling to rescue as much
as possible of dismembered Czecho-
slovakia, decreed a general amnesty
today for all Polish, Hungarian and
Sudeten German political prisoners.
The amnesty was demanded by
Chancellor Hitler and provided for
in the four-power Munich agreement.
It will release thousands of prisoners
from Czech jails.

Germany and Poland are expected
to reciprocate by releasing Czecho-
slovak prisoners flung into their
jails during the recent war crisis.

Avoid Disorders
Following a radio appeal by Siro-
vy last night, in which he called
upon the Czech people and retreat-

might provoke additional interven-

It also sought speedy negotiations

Authorities here, meanwhile, ex-

It was felt here that this action

Martial Law For
Palestine Likely

(International News Service)
LONDON, Oct. 8.—A majority of
the ministers in the British cabinet
are considering abandonment of the
Palestine partition plan which
aroused intense Arab and Jewish
opposition, it was learned today.

Internal welfare in the holy
land, the government was under-
stood to be contemplating gen-

uprising. Heavy troop reinforce-
ments are expected to be sent to
Palestine shortly.

Once the revolt is quelled, it was
stated, the government would then
seek a new, permanent solution of
the holy land strife, which has led
Arabs to boast that while the British
rule by day, Arabs rule by night.

The partition plan, put forward in
July, 1937, called for division of Pal-
estine into three parts: an Arab
state, a Jewish state and a British-
ruled corridor.

ROME, Oct. 8.—With-
drawal of approximately
10,000 Italian troops from
the Insurgent forces in Spain
was announced officially to-
day.

An official communique, datelined
from Salamanca, the Spanish Insur-
gent headquarters, but undoubtedly
originating in Rome, was issued at
1:15 p. m. (7:15 a. m. EST). It said:

"Insurgent Generalissimo Fran-
cisco Franco has ordered immediate
repatriation of Italian legionaries
who have served without interrup-
tion more than 18 months.

About 10,000 Affected
"That is national Spain's con-
tribution in an efficacious manner
to reestablishment of international
peace and to satisfaction of the de-
sires of the non-intervention com-
mittee."

It was stated authoritatively that
the Italian troops affected by the
order total approximately 10,000.
No reason was advanced as to why
it was seen fit to make the an-
nouncement read as from Sala-
manca rather than from Rome, but
it was indicated that Rome does not
wish to be put into the position of
"bowing" to pressure from London
or elsewhere.

An unimpeachable source reveal-
ed to International News Service
that in return for the withdrawal
of the Italian troops this country
in all probability will receive British
recognition of Ethiopia.

The announcement was made fol-
lowing a meeting of the Fascist
grand council last night at which
the decision to remove the troops
was finally reached.

Will Develop Civilian Flying Corps

Study Plans To Aid Movement

C. A. A. Will Stimulate Non-Commercial Aviation For Two-Fold Purpose

NATIONAL DEFENSE WOULD BE AIDED

By ERIC FREIDHEIM
International News Service Staff Correspondent

WASHINGTON, Oct. 8.—Plans calling for government subsidies to private flying organizations, as a means of developing a large corps of civilian pilots, were being studied today by the civil aeronautics authority.

The C. A. A. is seeking to devise a general program to stimulate non-commercial aviation for the two-fold purpose of aiding national defense and providing the aeronautical industry with new outlets for their products.

Calls For Federal Aid

Currently, the principal suggestions for increasing the public interest in private flying activities call for federal financial aid to flying clubs and aviation schools.

The failure of this government to assist materially in the advancement of civilian flying operations was stressed earlier this week by CAA chairman Edward G. Noble.

"We have neglected our boys and girls while other nations have not," Noble said. "In Europe aviation is begun in the kindergarten. Germany and Italy spend hundreds of thousands of dollars training their young people. We have nothing to correspond with that sort of training in this country. Here the government sponsors the theater and various other civilian activities, and outside of the CCC, which gives small vocational ground training, not one penny of government money goes to flying instruction outside of the military services."

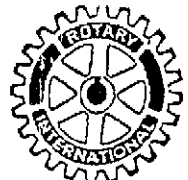

To Star Flying Program

Determined to whip some sort of private flying program into shape before the next session of congress, the C. A. A. had ordered Grove Webster, one of its flying experts, into the field to contact various organizations interested in this phase of aviation.

One outgrowth of the authority's studies may be the establishment of flying clubs in leading cities, financed partly with government funds. These clubs would give instruction in flying at nominal costs.

lack, and generally were expected to be reduced to only one game away from extinction. Late today, if the series runs true to the odds, it all will end tomorrow, with the Yanks crowned world champions for the third straight time.

Pearson For Yanks

Avoided determined to get it over with in all haste, the Yankees called upon Monte Pearson, also a right hander and a thrower with a perfect record in two previous world series attempts against the Giants. Thus it was a battle between a pair of third stringers, with such notables as Dizzy Dean, Lefty Gomez, General Bill Lee and Red Ruffing, who already have pitched on the sidelines and due to come back tomorrow and in later games if such there be.

The bleachers filled fast for the opening of this year's baseball spectacle here, but the holders of grandstand seats were lagging in their arrival and there was an air of striking disinterest among the customers generally.

Perhaps the Yankees have killed off the enthusiasm of their followers with entirely too much kindness in the matter of letting them in on the so-called fall classic twice in the last two years and seven times in the last 13. By this time the greatest baseball show on earth has come to be just another ball game around here, although more than 50,000 and possibly as many as 70,000 spectators seemed assured for today.

The Yanks could get no more than a faint whisper of a cheer when they came out for batting practice. Meanwhile Al Schacht, the baseball showman, was stealing the show with his pantomime, aided and abetted by the band which seemingly was doing the best it could.

This is the separation period in nature, the time when trees and shrubs are dropping their leaves preparatory to the long winter sleep. Familiar green is turning to crimson and gold. The air is hazy with autumn fragrance. Silence of the countryside is broken by birds preparing for the southland, and squirrels, laying up their winter store. Autumnal influence is everywhere seen. It touches us all in our minds and hearts. It whispers the eternal fact of change into our ears, and tells us of the immutable laws of God.

A story from New York says that the "Little Church around the Corner" which hundreds of New Castleites have visited on their trips to the metropolis started on its 91st year this week. Its reputation is based on the "bride's altar." So far this year 730 couples have been married in the church, and in the past 90 years the record stands at over 100,000. Don't forget to see it when you go to the world's fair next year.

Pa. News has noticed that the farmers have not been bringing any tall corn stalks into The News office this fall, and there seems to be a reason, as one farmer explained. He said that farmers had become tired getting up on step-ladders to husk their corn, and that they are now planning varieties that do not grow so tall, but still produce as much. It is claimed that the short corn is also much more convenient to handle in filling silos.

They believe that the time will be ripe for seeing the autumn scenery at its best. October is really the finest time of year for a vacation trip. Puffing engines and rumbling freight cars, are welcome noises heard these days. This morning a large Pennsylvania Railroad engine puffed strenuously while drawing a long train of cars, headed for Sharon, and other points to the north. Two good to see the many tons of coal, and fabricated iron and steel, oil tanks, and loaded box cars, that made up the train. Remarks were made this morning, that business must be picking up some, judging from the movement of freight trains.

Standard Bear's Class
Miss Flora Gilmore was a pleasing hostess to members of the Standard Bearers' class of the Epworth M. E. church, at her home on Cunningham avenue. Prudence Loy had charge of the study book period.

Later in the evening a delicious lunch was served by the hostess assisted by Miss Margaret Dickson.

Members of the Junior Business Girls met on Thursday evening at eight o'clock for installation services in the parlor of the Y. W. C. A. Officers and chairmen of the Business Girls' departments were installed at this time.

Three delegates of the Wells College Summer Conference, Ruth Jamison, Clara Isolda and Rose Mooney gave their conference reports, which were very interesting and informal.

The meeting next week will be in charge of the Recreation Chairman, Ann Hensley.

Y. W. Program Benefits Through Chest Campaign

Editor's Note: This is the seventh of a series of articles to familiarize the public with the activities of various local agencies assisted by the New Castle Community Chest.

"The Y. W. C. A." recognizes its responsibilities and attempts to shoulder them, liberally, generously, and constructively, the country over. (Maxine Davis, McCall's magazine.)

To some girls, the Y. W. C. A. is a service organization to which they can come for work when they are out of a job or for a room when they are stranded. To some it is a building where they can rest and read or write or where they can hold committee meetings. To some it is a class in cooking or sewing or handicraft or basketball where they perfect certain skills at the same time they are making new friends. To still others it is a club where they plan interesting programs and meet old friends. It is truly a service, educational and group-work organization combined into a fellowship of women and girls of all ages, denominations and nationalities, attempting to create the atmosphere in which thoughtful citizens may grow.

As a service organization, the Y. W. C. A. seeks to find jobs for women and girls who come to the employment office. Sometimes it is hard to find work because the client lacks experience.

As a group work organization, citizenship and character are built in the Y. W. C. A. clubs where girls learn to respect the opinions of others and to welcome a new point of view. All programs are planned to meet the different needs and desires of its members. Suggestions are made by advisors and secretaries and conference delegates based upon the experience of like groups in other communities. The suggestions must be fitted to the local need. Ability to work with others is an important by-product of Y. W. C. A. club programs.

Has Many Clubs
High school girls find friendship and fun while serving on Girl Reserve committees and working in handicraft, dramatics, basketball and other interest groups. Factory girls, household employees, business girls all manage their own programs based on their national assembly studies. They are represented on

all Y. W. C. A. committees. Italian, Polish, and Slovak mothers and daughters each have clubs as do colored women and girls at the Elm street branch. These groups meet regularly one to four times a month and meet together several times a year at setting up conferences, and the All Association Dinner at the Cathedral, and the Christmas program and membership meetings.

The Y. W. C. A. building is used for many outside groups such as the B. & P. W. Club, the College Club, the W. C. T. U. Missionary groups and W. P. A. classes. Last year a new club was started for blind people who plan varied and interesting programs.

Most of the educational and all of the service work in the Young Women's Christian Association are financed by the Community Chest. Without the aid of the Community Chest, this worthwhile program, carried out throughout the year, would not be possible. Every person's contribution helps to further the program of the Y. W. C. A.

DAILY DOZEN

(From the Medical Society of the State of Pennsylvania)

Erysipelas seldom gets headline notices.

It is not very spectacular—except to the patient.

He is too sick to be interested. Erysipelas is a common disease of the skin.

It is acute and may be communicable.

There is a streptococcal infection of the skin.

There is high fever and much prostration.

It is sometimes fatal to babies and the aged.

Eruption on the skin usually starts about the nose or eyes.

The affected parts become red, swollen and painful.

Sufferers from erysipelas cannot adequately treat themselves.

They should be kept to themselves with skilled attendance.

Students in the high school are participating in the Community Chest Essay Writing Contest, which is to be completed by the middle of the month. Cash prizes to the county high schools are to be given the winners.

The Bessemer schools will have a short vacation during the week of October 16. Teachers' Institute will be on the 18th and 20th at Union township high school, and the mid-western section of the P. S. E. A. will meet on the 21st at New Castle.

The football team has won three games so far. The first win was over Zelienople high school, 25-0; the second was over Hubbard, 21-6; and the third was a victory over Ursuline of Youngstown, 3-0.

Fire Prevention Week Gets Under Way Here Sunday

New Castle Citizens Will Participate In Nationwide Program

ELIMINATION OF HAZARDS STRESSED

By this time next week, residents of New Castle will be conscious of the dangers and loss occasioned in this country every year by fires, and will be doing their part to eliminate this cause of waste and death as much as possible, through the interest of the New Castle Association of Insurance Agents.

Under the chairmanship of George D. Reid and Jack Leiby, the Fire and Accident Prevention Committee has mapped out a week of activities which will bring forcibly to the attention of all the part they should play in preventing fires.

When it is considered that the fire loss in the nation as a whole is close to \$100,000,000 a year, and that 30 persons lose their lives by fire every day, and that everyone is a potential victim of the fire demon, it behooves him to take precaution to prevent this waste of life and property.

As has previously been outlined, all of the service clubs of the city will be visited by speakers during the week; there will be fire drills in the junior and senior high schools under the direction of Fire Chief A. P. McMillan, and a speaker from the fire department, will give a talk afterwards.

School children will distribute home inspection blanks, which request the recipient to fill in and return, after inspecting his premises to make sure that his home is safe against fires due to his own negligence.

What to look for as potential fire hazards will be outlined for the benefit of the initiated, and everything possible will be done to prevent fires in this community, through the interest of the local organization in an effort to make New Castle a safer place to live in.

Officials Convicted On Larceny Charge

BEAVER, Pa., Oct. 8.—Homer Hall, New Brighton justice of the peace, and his constable, Fred De Ruyter, were convicted by a jury of larceny and receiving stolen goods.

Mrs. Julia Kechowski, 61, of Daugherty township, had testified the two men came to her home to serve a landlord's warrant while she was alone in the house. She said they knocked her to the floor when she fought to prevent them from taking \$450 hidden in a cupboard.

Both Hall, former chief of police of New Brighton, and De Ruyter denied the charges.

NEW CASTLE HIGH DEFEATS WASHINGTON 7-6

LAURO-ROUSSOS SCORE POINTS IN SENSATIONAL GAME

New Castle High Wins Third Class AA Victory By Close Margin; Little Presidents Fight Hard To Upset New Castle; Lindy Lauro Scores Touchdown; "Socks" Roussos Kicks Extra Point That Gave New Castle's "Hurricane" Victory; Webber Tallies For Washington; First Downs Favor New Castle At 12 To 7; Game Played At New Washington High Field.

AN EDUCATED toe owned by Socrates "Socks" Roussos was the margin of victory for New Castle over a hard fighting Washington High football team last night at the newly created Washington High field as the "Red Hurricane" won its third Class AA victory 7 to 6, and kept its slate clean for the season.

Lindy Lauro plunged the ball over for the New Castle marker in the second period after the Washington team had taken the lead at 6 to 0. It was an 80 yard straight drive down the field that gave the Bridenbaugh machine its touchdown after watching Webber of Washington score earlier in the same period following a sustained drive. Ross missed his extra-point, but Roussos didn't and that is the story.

New Castle Fights Hard
It was a marvelous display of courage that won for New Castle after the Little Presidents had scored early in the second period. They weren't licked when Washington scored first, a feat that is seldom performed on New Castle's vaunted "Red Hurricane."

In the matter of first downs the locals had a big edge at 12 to 7. There was one feature that stood out above all else in the game. There was not one penalty. It was as clean a game as New Castle has played in for many a day.

To quote the New Castle boys following the game "They were as clean a bunch of young fellows as we have ever seen, there was no rough stuff in the game." Washington boys would probably have said the same thing.

First Period
Ross kicked off for Washington High and Gender, taking it on his 10, returned to the 20. Lauro made 9 yards at center. Ciarella made it New Castle first down on the New Castle 31 yard mark. Roberts reeled off three yards. Roberts made two more. Gender fumbled and Washington recovered on the New Castle 37.

Webber batted off a couple of yards. Ross lost a yard. Ross whipped a pass to Webber that was grounded. Ross tried another to Webber and it was no good. New Castle took the ball on downs on the New Castle 35 yard line.

Roberts lost five on a play at left end. Lauro failed to gain on the next try. Gender also failed to gain and kicked to Washington on the Wash High 35-yard line.

Webber made a yard at tackle. Roussos was hurt but stayed in the game. Sandusky ripped off 4 yards. Ross made three and then Ross made it a first down on the Washington 47-yard line on a plunge at center.

Loss Ball On Downs
Ross and Webber each tried it twice at the line and could get but a yard apiece. Washington lost the ball to New Castle on the Washington 45 yard line. Roberts made no gain at the line. Pelusac replaced Bernie Adamo at center for New Castle.

Lauro picked up four yards. Roberts made three more and then Gender elected to boot the ball and when this was gummed up by Washington, tried to pass and this also was foiled by the Little Presidents, and it was Washington's ball on the New Castle 43 yard line. Time was taken out by Washington.

When the first period ended it was Washington's ball on its own 44 yard line.

Second Period
Washington started the second period with the ball on its own 44 yard line. Webber shot through for a first down on a nice play at center. The ball was now on the New Castle 34 yard mark. Webber fought his way to the New Castle 24 yard line before being downed. Wilbur

Fine Treatment Accorded New Castle Delegation

In Washington, Pa., where the ambition of every young boy is fired by the thought that some day they may grow up to be good enough football players to defeat New Castle, the popularity of one Socrates Roussos, tackle for New Castle High school is in a falling market. As a matter of cold fact his popularity down there is about equal to that of a dog catcher at a boy's picnic.

For two years in succession now young Mister Roussos has toed his team into a win over Washington. A year ago the score was 13-12 due to the accuracy of Socrates' toes, all clustered on his right foot. Friday night the score was 7-6 and again it was the gentleman with the classical handle who booted the winning points over the bars. Washington is hoping history will repeat itself concerning Socrates. Remember what happened to another fellow of the same name?

Aiding and abetting Socrates were stout fellows as Lauro who had his pile driving clothes on. Gender, and "Roller Bearing" Roberts, the lad whose hips revolve in oil.

As an evening's entertainment it was something out of the top drawer as far as New Castle was concerned. Driving down and back was a pleasure, save for some wisps of fog near Rochester and Ellwood City. Washington has a new stadium located somewhere out of the city, quite a ways out as a matter of fact with only one road leading to it. The plant isn't finished yet but when it is it will rate with the best in the WPILA.

The place wasn't just full, it was brimming over. Scores of fans couldn't even get in. Bob Long, formerly a cement salesman of New Castle, now of Pittsburgh, managed to get in with his party of three by telling the gateman he had to see a man about a horse.

If there is one thing that stands out in Washington more than another it is the sportsmanship of the fans. Despite the fact that they had lost seven straight to New Castle, despite the fact that injuries took out one of their stars when they seemed headed for another touchdown, the fans were courteous and sportsmanlike. In our book if any team is going to beat New Castle, we hope it is Washington.

Big Bill Amos, former 28th division and W. & J. star is the coach of Washington. He has a team that will give plenty of trouble before the season is over and in Sandusky, a back he has a lad whose back porch is going to be crowded with college scouts in a year or two.

New Castle had a large crowd of fans at the game and they not only saw a good football game, they saw a group of sportsmen lose a ball game without a squawk.

Washington Hi Takes Victory

Defeat Sharpville Junior High At Sharpville Friday 26 To 0

George Washington Junior High school football team won from Sharpville High Friday afternoon by the score of 26 to 0, in a well played game, at Sharpville.

The North Hillers scored in the first three periods of the game and in general outplayed the losers, making 10 first downs to two for Sharpville.

Lee Looks Good
The Art Alexander coached team got its first touchdown in the first two minutes when fleet-footed Robert E. Lee galloped 65 yards for the marker. Riddie kicked the extra-point.

In the second period Wash High got two more touchdowns, the points being made by Riddie from the 10, and "General" Lee went around end for 20 yards for his second touchdown. Biddle converted the extra-point.

Early in the third period Hammond reversed his field and galloped 55 yards for his touchdown. Coach Alexander used his reserves most of the third and fourth periods.

West Virginia Champion To Battle Bonar

Substitute Billy Sharp For Mike Raffa Who Has Injured Hand

FANS ANTICIPATE EXCITING FIGHTS

Having become accustomed to seeing hectic fistful action fans will wend their way to The Arena Monday night in anticipation of seeing some more of the kind of glove action they like. And it is dollars to doughnuts they will see some good scraps because the calendar contains several boxers who already have made good here. The bouts start at 8:30 p.m.

It was necessary to substitute Billy Sharp of Winton for Mike Raffa of East Liverpool against Harry Bonar, Chicago Tribune 126-pound champion. Raffa injured a hand Thursday night and it will not have healed before Monday night.

Sharp is recognized as the best 126-pounder in West Virginia and Matchmaker Tommy Leach got in touch with the Mountaineer and he agreed to take on the match. Bonar will come here from Follansbee where he has been training during a visit to that place.

However, one pebble doesn't make a beach and neither does one bout, make a card. Jack Virgelli of Butler and Joe Gaynor, Bethany star, are carded for action at 160 pounds. This bout looks as inviting, if not more so, than any other on the card.

Gaynor has yet to put up a drab fight here. He has proved his punching and assimilative qualities in several local fights. Jack showed good advantage against Steve Morgan of Youngstown and this bout should team with action.

Frankie Moran of this city has been mated with Babe Hutchison of East Liverpool. It will be a return meeting. The first time they clashed the decision was given to Frankie following a whirlwind match. The issue will be settled Monday night.

Arkett Hopeful
Chuck Arkett of West Pittsburg promises to stage the same kind of a fight he put up with Cecil Sargent of Erie and if he does Len Karabinos of Follansbee had best be at his peak. When Arkett is off he is not so hot but when he is on he is hot.

Arkett has an idea that he can hold Harold Blank to his knitting. With the promise of a fight with Blank in front of him, providing he continues to win he has been sharpening his eye for distance this week.

Joe Biro, Youngstown and Luke Smith, colored, Follansbee, heavyweights will clash in another bout. Biro is slow but on the other hand if he can keep Smith's right off his chin and whale Luke's stomach consistently he may be able to travel along with the Mountaineer.

Johnny Morinelli of Youngstown and Eddie Oleski, Follansbee, also will be staging a return bout. Oleski won the initial encounter. In fact, he had Johnny on the floor in the first round but Johnny got up, came back and although outpointed was fighting hard at the last bell.

At Porcos of Winton and Danny Naples of Greensburg will box in the second bout and the festive curtain will be raised by Halbert Brooks, Moravia street pride and Ted Kondako of Youngstown, clash in a three round bout.

None of the amateur boxers will train hard tomorrow in fear of injuring a hand or suffering a cut above an eye. The bouts have been sanctioned by the Amateur Athletic Union and the Pennsylvania State Athletic commission.

The results last night with a swell turnout of members: Watson 187, Cooper 182, Allen 191, Hockenberry 188, Mill 186, Blythe 182, Moore 193, Glitch 176, Finley 186, J. Allen 155, Kibbreath 178, Thomas 184, Pauline Stark 150.

Shenango Defeats Union High 25-0

Francis Pitzer Puts On One Man Show; Crosses Goal Line Four Times

SHENANGO TEAM CLICKS SMOOTHLY

Unleashing an attack that clicked well Shenango Township's gridiron warriors, paced by fleet footed Francis Pitzer, rang up a 25-0 victory over Union Township Friday afternoon, at Union field. A crowd that almost took up every bit of space along the sidelines, watched the "Wildcats" grab the first leg of the race for the Lawrence County Class B title.

The Wildcats snapped immediately after Union took the kick-off and was forced to boot to safety. Pitzer easily the most outstanding athlete on the field, leaped high amid the cool October air and clamped a pass tossed by Severa. Pitzer tucked the oval under his arm on the Union 40, and dashed to the 20 before being downed. Pallierino marched to the 13 on the following play. A Union off-side penalty placed the oval on the 8. Pitzer squeezed through the line to the 4. Latham took a cut at the line but netted a lone yard.

On the next play, Pitzer plunged through the mass of football flesh and over the last chalk stripe. Pallierino hit the line for the extra point but failed.

For a few minutes in the second quarter, it appeared as though the Scotland Lane machine would also visit paydirt district. With McGarry, a fiery youngster, juggling through the line for substantial gains, Union traveled to the Shenango 36 where the uprising ended. Latham electrified the gallery with a pretry spiral boot that sailed through the ozone for more than 60 yards. Chairfull tried to kick to safety but lifted a punt that dropped on the Union 28.

Latham, scooted around right to the 7. Pallierino came in with a nice 4 yard gain and Pitzer found a nice hole and visited the land where touchdowns bloom. For the second time in the afternoon, Latham bucked the line for the extra point but failed.

Pitzer Dashes 67 Yards
Late in the third period, Shenango took the ball on their own 30. Pallierino ripped through right tackle for 3. Pitzer, climaxed his afternoon's performance with as pretty a dash as has been seen on Union field. The crack fullback broke loose through the left side of the side, reversed his field and gradually eluded the remaining tacklers and galloped 67 yards for a touchdown.

Latham plunged over the line for Shenango's 19th point. Union found Shenango's line impregnable. As a result, the Pattersonmen took to the air-planes, completing several passes. That zip that carries the oval over the goal was missing.

Pitzer ended his one man show with a 20 yard spurt around right end for his fourth touchdown, after the East New Castle eleven marched down the field unmolested.

Shenango's guns were loaded to the top and proved a trifle too much for the Blue and White clad warriors. It was a costly defeat for Union, Tavis, Severa and Dewberry being carried off the field. Their injuries are not believed to be of a serious nature.

Besides Pitzer, Howard Currie, Fredericks and McIlroth played spectacularly. Latham's punting featured Shenango's attack. For Union, McGarry, Ringboom and Allen shared honors.

The lineup:
Shenango 25 Union 0. Peluso LE. Calazza. H Currie LT. Allen. Fredericks LG. Summerson. McIlroth C. Ringboom. Denny RG. S. Snizek. N. Currie RT. Plonko. Toscano RE. Chiarlo. J. Donley Q. Severa. Latham LH. Smith. Pallierino RH. McGarry. Pitzer FB. Jaskolska. Score by quarter:
Shenango 6 6 7 6-25. Union 0 0 0 0-0. Touchdowns: Pitzer 4. Points after touchdowns: Latham (line plunge). Substitutions: Union: Kovack, E.

The Human Side Of The News

(By EDWIN C. HILL)

Any newspaperman who has ever worked in Europe knows that doing the same thing in this country is just like shooting fish. In the happy-go-lucky times, trying to get news in Europe is exasperating, even if you happen to know the language. Even in democratic France and England, you don't build up a back-slapping acquaintance with the senator or the mayor or the chief of police. You fight, scheme, wrangle and wrangle for what you get. And you don't call up a big pandemonium in the middle of the night to ask him this or that. If you did, the eighth assistant buller probably would call the police.

Against this background, the performance of American correspondents in these days of tension in Europe, getting news, getting it straight, and getting it out seems altogether miraculous. In my opinion it just about tops anything in the annals of our great and unique free-for-all news reporting. And in Spain, Ethiopia and China, the news scouts have been right under the guns and 9 or 10 of them have been killed. In Madrid and Valencia they have written their stories with bombs shattering buildings around them, and have gone for months, legging it around the battle zone and whacking out clear-cut, objective accurate and interesting copy. Certainly their work is a triumph of both craftsmanship and courage.

I have heard many a returning traveler say that when he was in Europe he had to get the American newspapers to learn what was happening there. There isn't the least bit of chauvinism in noting the simple fact that even the free newspapers of France and England don't go after the deep inside of this historic European news serial the way our lads do. Great newspapers like the London Times and the Manchester Guardian and Le Temps of Paris provide good news coverage, if you give them time, but they don't field the hot grounders like a lad who perhaps had his early conditioning on a Chicago or San Francisco or New York police beat, and had his ears batted off if he muffed a story.

These correspondents, the most effective among them, are distinctly reporters. They do not filter their facts through any mesh of their own opinions or prejudices. And when you are reporting something as important as this current world crisis, that requires a degree of objectivity and detachment which is all but such reporting is obnoxious. Many of the great French and British newspapers are hamstrung by partisan, social or financial interests and, in Germany and Italy, are merely dictators' hand-outs. Countless millions thus have no source of world intelligence, no knowledge of what is going on in their own country.

It is easy to see how the suppression of the free press adds immeasurably to the welter of rage, fear, bewilderment and confusion which is Europe today. They are fighting in the dark. The American reporters are contributing not only to historic clarification but to world enlightenment, outside the central

Speed Limit In State Beneficial

Arrests For Traffic Offense Are Cut In Two By Recent Law

(International News Service) PHILADELPHIA, Oct. 8.—Passage and strict enforcement of Pennsylvania's 50-mile speed law has cut arrests for traffic offenses in half and has brought about "the most orderly driving ever noted" in the state, a survey of the Keystone Automobile club shows. "More than 87 per cent of club members quipped expressed approval of the 50-mile limit," the club announced. "The survey showed indubitable proof that the great majority of motorists are thinking in terms of greater highway safety and favor more drastic methods to achieve it."
